

# LONG ARM<sup>®</sup> TRAIN THE TRAINER

## Long Arm<sup>®</sup> Train the Trainer!

This course is designed for existing Open Source, Internet Intelligence & Investigation or Mainstream Cybercrime Trainers whose organisations will be implementing Long Arm<sup>®</sup> as their Internet Investigation Platform.

The Long Arm TtT is a complete of the shelf package that is supported by Vestigo Consulting Ltd for 18 months with updates and course material.

## What's in the package?

The Long Arm<sup>®</sup> Train the Trainer Package includes all of the following:

- Two Day classroom based course for Trainers (up to 10 trainers). Trainers will receive full hands-on training on Long Arm<sup>®</sup> and have time to familiarise themselves with the platform under the guidance of one of our trainers.
- All Course PowerPoint Presentations branded to your organisation including updates for 18 months.
- Trainer Pack per Trainer including all Lesson Plans and Learning Outcomes for every feature and tool on Long Arm<sup>®</sup>.
- Suggested Course Timetable.
- Full phone, email & webinar support for your trainers. You can access our training team for advice and guidance for 18 months.
- New lessons and presentations for 18 months. As we develop new tools and features for Long Arm we will also produce lessons for these which we will automatically send to you.
- Organisation accreditation. We will certify your organisation as an approved Long Arm<sup>®</sup> Training Centre.
- Trainer Accreditation. We will certify each trainer who attends as a certified Long Arm<sup>®</sup> Trainer.
- Long Arm<sup>®</sup> Certificates. We will provide your organisation with certificate templates that you can award to delegates who attend your future Long Arm<sup>®</sup> training sessions.
- Vestigo Consulting Ltd
